

## PLAYED A GOOD GAME.

### THE AMATEURS AND SCRUBS AT IT AGAIN.

The Game Very Exciting and Hotly Contested from all Points—The Amateurs Play a Remarkably Clever Game—Score, 14 to 10.

A match game of base ball was played last Sunday at the base ball park between the Amateurs and a scrub nine. The game from beginning to end was decidedly exciting and presented many interesting features which held the spectators almost spell-bound. Wm. Godshall and Geo. Cardinal composed the scrub's battery and did very good work, while the battery for the Amateurs was composed of Ben. Schwartz and H. F. Andersen and astonished the natives to say the least. The Amateurs are heavily charged with base ball stuff and even if they are kids are quite liable to do up some of the full grown nines before the season is out. Appended is the score.

The Amateurs started out by white-washing the scrubs, but lost their grip in the next inning by allowing them to score four points and the scrubs having once got the lead held it to the end of the game, though they did not have a clear walk away.

One of the scrubs said to the writer: "I tell you we would have been done up sure had not one or two old time ball players been with us; them kids play a great game and no mistake."

Mr. Hughtitt has received letters of inquiry from Marinette and Iron Mountain regarding when our club will be organized and what can be done towards arranging for a game.

The Norway base ball club is about re-organized. Joe. Corin will officiate as captain, which bit of news will be hailed with gladness by the base ballists of this town.

The score of the game last Sunday—fourteen to ten—is a better showing than was made at any ball game on the range all last Summer.

The Crystal Falls base ball club will soon be organized and will give any of the range clubs an audience.

The Amateurs are a promising lot of boys and stand ready to tackle any kid nine on the range.

If the base ball park is to be improved it is high time to be about it.

### RIVERS DRIVE THEMSELVES.

Knights of the Peavy and Red Sash do not take kindly to the scheme.

PAINT DRIVE, May 14, 1888.

Editor THE DIAMOND DRILL.

DEAR SIR:—Driving, by means of our boys in blue and red Mackinaw's, has been entirely suspended on the Paint river, on account of the recent rains in that region which have raised the river to a reasonable good driving stage. The New York Co., which is driving that stream this season, has discharged all their men except the foreman, cook and timekeeper and logs sail serenely down the swollen current unmolested. Where, once in years gone by, sixty men preambulated the banks of the lower Paint, searching, and not in vain, for a jam, there now one solitary man gazes at the deserted camps of his predecessors and as he wearily plods up and down the stream, meditates on the marked advancement in driving which the sagacious lumberman has made in the past few years. Where once, a crew of forty men, tried but in vain, to keep the upper Paint clear. There now the timekeeper Jno. Currey, when not racking his brain in setting down the sixteenth's and twenty-fourth's, silently sets on the mossy banks amid the delightful chirping of the bullfrogs, the roaring of the rushing waters as they madly dash by on their wayward course to the sea and grins at the mighty monarchs of the forest to keep them from jamming, and while thus engaged almost murmurs aloud "Uncle Mike thou art truly great." Where once it took a crew of fifteen to sluice the logs at the upper dam, there now the cook, a blithesome young lad of some sixteen summers, dexterously manipulates a pike pole in his tremendous endeavors to "keep her clear." But gentle reader, the Paint drive is not out yet and perhaps before the rear moves these sagacious lumbermen will be glad to solicit the aid of a few of our "boys in blue." That's what some of the boys think.

PIKE POLE.

### DIAMOND DRILL CORES.

A knight of the peavy and red sash has a word to say elsewhere in this impression.

Remember the Royal Court Comedy Co., at the opera house next Thursday night, May 31.

The daily band concerts by the Royal Court Comedy Co., are excellently rendered and attract large crowds.

May flowering parties were numerous last Saturday. One, composed of eight ladies went to Stager and another in which thirty-one noses were counted were landed at the Panola plains. The afternoon was very pleasant.

Lot No. 87, near McDonnell & Chainey's blacksmith shop, main street, can be bought cheap for cash. Call at this office.

Sin Kee and a lesser Americanized Chinaman were in town early in the week looking over the city with a view to opening a laundry.

The year with three eights, which was prophesied to be a very lucky one, has proven so far very unfavorable to the mining interests.

The music rendered by the Rogers Royal Court Comedy Co. orchestra is well worth the price of admission, being strictly first class.

Lumbermen came to the conclusion that the streams could drive themselves and discharged nearly all of their drivers. They will need them before the rear is out.

Fred Lebell who has been serving as special policeman for some weeks, has his resignation before the board, the cause therefore is not given. Dave Prince will probably be reinstated.

A farewell surprise party was given on Monday evening in honor of Henry F. Andersen at the residence of Mr. and Mrs. C. G. Campbell. About twenty young folks were present; refreshments were served and dancing and games were indulged in.

The wives of the members of the P. H. club will meet at the residence of Mrs. A. Austrian on Tuesday afternoon next at two o'clock, to perfect arrangements for a leap year party. The club has a little money in the treasury which will be donated to the ladies towards defraying expenses should they conclude to give the dance.

It seems something like a paradox that while the streams are all booming and pouring unmeasured floods into the lake the water in Lake Michigan and Green Bay should be unusually low; but such is the fact. Think of the torrents pouring out of the Fox, Menominee, Oconto, Peshtigo, the Suamico, Pensaukee, Escanaba and the smaller streams into Green Bay, which have no more effect on bay or lake than dipping water into them with a spoon. After all that has been written of the ebb and flow of the water in the lakes, it is still unaccounted for.—Green Bay Advocate.

### At the Target.

Five of the riflemen were out for practice on Monday and succeeded in making the following score:

O. M. Brown.....	3 3 3 4 3 3 3 3 4	32
do.....	4 4 4 3 3 4 4 3 4	38
C. C. Noaring.....	3 3 3 3 5 5 4 4 2	36
do.....	3 4 4 5 3 3 4 4 3	38
Ed. Bemis.....	3 4 4 4 4 4 3 4 4	38
do.....	4 4 4 4 4 4 5 4 3	40
C. G. Campbell.....	2 4 3 4 4 3 4 4 4	36
do.....	3 3 3 4 4 4 4 3 4	37
V. Carr.....	2 3 4 5 3 3 4 4 4	37
do.....	3 4 4 4 3 5 4 4 4	36

Bemis is in the lead with a two string score of seventy-eight, followed closely by Campbell with seventy-five. The above scores are not very remarkable as they stand, but when it is known that the gentlemen average scores like that at every match or practice shoot it is considered very good, and much better than the average of other range clubs.

Why not arrange for another match with some of the range clubs?

### PEOPLE TALKED ABOUT.

Henry F. Andersen has resigned the foremanship of THE DIAMOND DRILL office and returned to his home at Florence, where he will be employed in the Chicago & North-Western depot until fall when he will return to the case. Henry is a remarkably bright and promising young man, ambitious and a hard worker. In his departure the young folks lose a valued member of society and the Amateurs are left in dark. Success and prosperity be ever with you, Henry.

Ed. Mitchell departs for his old home at Richmond, Maine, on Monday. He will spend a greater part of the summer at Old Orchard Beach and return in the fall.

Wm. Hunter, of Stambaugh and E. Guensburg, of Iron River, became third degree Masons here on Saturday evening last. They furnished a supper.

R. P. Tuten, editor and proprietor of the Menominee Register, Iron Mountain, made this office a pleasant call on Thursday evening.

A. Lustfield and John L. Kimball went to Milwaukee on Tuesday on business connected with placing school bonds.

Dr. D. M. Bond, of Iron River, was in the city on Thursday. He is the president of the Caledonia Mining Co.

Michael Cury, benedict, of Iron Mountain, was in the city on Monday, taking orders for his celebrated cigars.

Mrs. Thos. Bosanko and daughter Alberta visited friends in the copper country towns this week.

Mrs. Benj. Surr and daughter Nellie, contemplate an extended visit with friends in the east soon.

Pearle Henry garnished the editor's table with beautiful field flowers during the week.

John Telling, the Chicago boot and shoe man, was here on Wednesday.

E. E. Payne, of Marinette, ambassador of commerce, was here on Monday.

C. H. Willkins, operator, spent Sunday with friends at Vulcan.

Photographer Eskil, of Florence, was here on Monday.

D. C. Lockwood was at Iron Mountain on Wednesday.

### RANGE ROUND UP.

A base ball club has been organized at Norway.

Sheriff McLean now owns a saddle horse valued at \$400.

Gilman's saw mill at Iron River is soon to be in running order.

Florence county veterans are making due preparations for the observance of memorial day.

A bold attempt was made by an industrious fire bug to burn the town hall building at Florence recently.

George Owens, of Florence, who passed forged time checks on merchants of that city, is now serving a term of one year at Waupun.

Barnum & Baileys great London Show will exhibit in Quinnesec in July and Sell's Bros., will pitch tents at Iron Mountain next month.

D. C. McClure, passenger brakeman, was slightly injured by a collision of trains on Monday between Stambaugh and Iron River.

A grand birth day party will be given at the Boyington house, Iron River, on June 5, in honor of Miss Amanda Boyington. She will be eighteen years of age.

The stock in trade of the John McDermott Mercantile Co., Iron River, is in the hands of H. M. Childs, who will close it out for whatever he can get, in order to turn it into cash.

James Porter, a homesteader residing near Saunders's spur, was killed by an ore train at about eleven o'clock on Wednesday night of last week. He was under the influence of liquor at the time.

C. McDermott, of Stambaugh, was in the city the first of the week. He is going to make it hot for the parties who accused him of conspiracy with intent to defraud certain homesteaders of Iron county.—Menominee Democrat.

### MINING NOTES.

Despite the advanced season, and an abundance of low charters, the sales still hang fire, the transactions barely covering the daily furnace supply in the case of the smaller establishments, while the large furnaces still control large and expensive stock piles. Bottoms are offered at \$1.20 and \$1.25 from the head of Lake Superior, \$1.15 from Marquette, and eighty-five cents from Escanaba, but there is little demand for tonnage. It must be remembered that the fleet is also short one trip, and the chances are that a second trip will be lost therefore the long-expected break in the market occurs. The ore men, finding little demand, do not seem anxious to make a market, and, as the consumers are still holding off, the market is characterized by an entire absence of activity. Republic ore is selling at small lots at \$6, and Vermilion ore at \$5.75, with Chapin ores at \$4.85@5. Gogebic Bessemer hematites, for which no price has as yet been definitely quoted, is "betwixt and between" the \$5.25 rate, while it is asserted that non-Bessemer hematites of a fair quality may be bought at \$4. Ore dealers generally report frequent inquiries, but not prices that would serve as an inducement to the producers. Coke continues to sell at \$1 at the ovens, which makes the cost \$2.50 per ton in Youngstown, and \$3.10 in Cleveland. The demand, however, is light, and coke operators are preparing for some sort of a conference, with a view to patching up a truce and making a \$1.50 card.—Cleveland Iron Trade Review.

The Monitor mine was started up on Monday last and will undoubtedly be actively wrought during the summer, depending whether the ore can be disposed of. The ore is a high grade non-Bessemer and one that will find a ready sale after it becomes known on the market. The mine lies immediately west of the Paint River mine and is a continuation of that vein.

The Nanaimo mine didn't commence shipping last week as expected, owing to the lack of cars and engines. The ore is being stocked, and the mine is being got in readiness to do good work when shipping begins. The rooms are being cleared, and the work of drifting and cross cutting is being pushed. The mine is expected to make a fair record this season.—Reporter.

The Caledonia mine, on the Michigan river, about seven miles from this city, is to be cleared of water and work resumed next month. The property has been idle about a year. The ore is a Bessemer and it is claimed that there is plenty of it to be had. The mine has the promise of a spur track from the Milwaukee & Northern.

Some work will probably be done during the summer at the old Delphic property. The ore pinched out some time ago and the new workers will endeavor to find more with a diamond drill.

No work is now being done at the south Mastodon, better known as the Mahattan. The break-up furnished more water than could be taken care of.

Machinery is to be put in place and work resumed at the Grand Central mine, this county.

No work towards placing the plant of machinery at the Smith mine has yet been done.

The Juniette mine is again clear of water.

### "DECORATION DAY."

The years that have elapsed since the close of the civil war have served to obliterate all sectional feeling, and a united and prosperous nation joins in keeping green the graves of all its beloved dead. It is in this spirit that the publisher of the NEW YORK FAMILY STORY PAPER has had written a thrilling and pathetic romance, peculiarly appropriate to this national holiday, entitled "Faithful Leonore; or, His Grave Kept Green." In the same paper will also be found a weekly installment of the "Life and adventures as a Showman of P. T. Barnum," written by himself, and equally interesting to the young folks as well as heads of families. These are rare literary treats, and those of our readers who are not already enjoying them will do well to obtain No. 766 of the NEW YORK FAMILY STORY PAPER of their newsdealer or send direct to the publisher, Munro's Publishing House, Nos. 24 and 26 Vandewater Street, New York, and receive the paper four months for one dollar, postage free.
